

Saurabh Wagh

SnapLogic Developer

+91 9420195072 saurabhwagh4145@gmail.com linkedin.com/in/spwagh Pune, Maharashtra, IN

Profile

SnapLogic Developer with 2.7 years of proven experience in designing and managing integration solutions. Skilled in **SnapLogic**, **Postman**, **REST APIs**, **data transformation** and **cloud integration** tools. Strong problem-solving and communication skills, with a proven ability to **deliver successful projects** independently and collaboratively in teams.

Education

B.E. in Civil Engineering
Sant Gadge Baba Amravati University
2018 – 2021 | Shegaon, India

Diploma in Civil Engineering
Government Polytechnic, Ambad
2015 – 2018 | Ambad, India

Technical Skills

SnapLogic iPaaS | Postman |
Draw.io | GlobalScape MFT |
ETL (Extract, Transform, Load) |
ServiceNow ITSM | MuleSoft |
Sterling Integrator | Axway |
MS Office | Confluence |
SAP - CI | SAP - PI/PO

Certifications

SnapLogic Certified Administrator
SnapLogic Certified Integrator
SnapLogic Certified Enterprise Automation Professional
Infosys Certified SAP Integration Professional
Infosys Certified Digital Engineering Cloud Professional

Awards

Infosys Insta Award
Aug 2024
Recognized for effective teamwork, collaborating seamlessly with colleagues and making outstanding contributions to the team's success.

Professional Experience

Infosys

Senior Systems Engineer
Jul 2024 – Present | Pune, India
- SnapLogic, Postman, Sterling Integrator, Axway, ServiceNow
Systems Engineer
Jun 2022 – Jul 2024 | Pune, India
- SnapLogic, GlobalScape MFT, Cloud Integration, iPaaS

Projects

Client - A Global Leader in Agrichemical Industry

Technology - SnapLogic, MuleSoft, Postman
Dec 2024 – Present
- Migrating and implementing 15+ complex interfaces from MuleSoft to SnapLogic, integrating business systems and ensuring data consistency.
- Developed advanced workflows for real-time data processing, involving intricate business logic and data transformation requirements.
- Collaborated with the testing team during SIT to ensure smooth system integration and supported UAT by addressing user feedback and adjusting workflows as needed.

Client - A Global Leader in Shipping Industry

Technology - SnapLogic, Sterling Integrator, Axway, ServiceNow
Aug 2024 – Nov 2024
- Experienced in Dashboard Monitoring and debugging Business Processes in Sterling Integrator to identify issues and performance techniques.
- Worked on the EDI Transactions 850,810,856,997 Etc.
- Hands-on experience on Axway for monitoring and debugging issues.

Client - A Global Leader in Aviation Industry

Technology - SnapLogic, GlobalScape MFT
Sep 2023 – Aug 2024
- Followed documentation, analyzed and understood pipelines and implemented new requirements on existing project.
- Experienced in BAM which is used as a Dashboard for monitoring files.
- Documented integration and login information as per client standards.

Client - A Global Leader in Energy Technology

Technology - SnapLogic, Postman
Mar 2023 – Sep 2023
- Migrated 25+ interfaces to SnapLogic, ensuring seamless data integration and developed workflows for tasks like data modification, file movement, and archiving.
- Configured secure communication protocols (FTP, FTPS, HTTP, HTTPS, SFTP, SMB) for efficient and reliable data transfers.
- Monitored pipeline performance, resolved issues, and optimized processing speed, reducing errors and improving efficiency.
- Built an automated error logging system with email notifications, including detailed timestamps and filenames.
- Managed pipeline schedules, triggered tasks, and participated in daily/biweekly standups to report progress and tackle new assignments.
- Documented procedures adhering to client-specific standards.
